

INDEX TO VOLUME 34

SUBJECTS¹

ABNORMALITIES AND DEFORMITIES

- "Basilar impression," Diagnosis of, A. Schüller, Feb., 214.
Ears, Mastoiditis in congenitally deformed (ab.), A. T. Wanamaker, April, 514.
Epiphyseal dysplasia, Punctate, occurring in two members of same family (ab.), D. G. Maitland, March, 387.
Epiphyseal dysplasia punctularis (stippled epiphyses): report of case not associated with hyperthyroidism, J. A. L. McCullough and C. G. Sutherland, Feb., 131.
Hip, Early diagnosis of congenital dislocation of (ab.), H. A. T. Fairbank, April, 520.
Talocalcaneal articulation, Anomalous: double ankle bones, M. S. Burman and S. E. Sinberg, Feb., 239.

ACETABULUM

- Deformities of acetabulum, Adolescent: investigation into nature of protrusio acetabuli (ab.), J. Gilmour, May, 646.
Deformity, Relationship of acetabular, to spontaneous osteo-arthritis of hip joint (ab.), J. Gilmour, April, 520.

ADOLESCENCE

- Adolescent deformities of acetabulum: investigation into nature of protrusio acetabuli (ab.), J. Gilmour, May, 646.

ALCOHOL

- Bezoars, Shellac, H. H. Inlow, May, 618.

ALIMENTARY TRACT. See Gastro-intestinal tract.

ANEURYSM

- Cardiac aneurysm (ab.), J. Parkinson, D. E. Bedford, and W. A. R. Thompson, March, 384.
Cardiac aneurysm (ab.), L. H. Berk, May, 645.
Intrathoracic aneurysms (ab.), P. Kerley, March, 384.

ANIMAL EXPERIMENTATION

- Cancer, Irradiation and hereditary mammary, S. E. Owen and E. A. Williams, May, 541.
Carcinoma and sarcoma, Production of transplantable, in guinea pigs by injections of thorotrast (ab.), L. Foulds, March, 384.
Osteochondritis deformans juvenilis in dogs (ab.), P. C. Eichholtz and A. M. Ernst, March, 384.
Radiation, Influence of wave length on biological effectiveness of (ab.), H. G. Crabtree and L. H. Gray, March, 385.
Radiobiology, Factor "lambda" in (ab.), M. Lapenna, Jan., 113.
Roentgen rays, Effect of, on bone marrow *in vivo* and *in vitro* (ab.), A. Gregori, Jan., 113.
Roentgen rays, Experimental study of effects of, on gonads of sexually mature domestic fowl, J. M. Essenberg and R. J. Karrasch, March, 358.
Sarcoma *in vivo* and *in vitro*, Effect of roentgen rays on Galliera (ab.), G. Toniolo, Jan., 113.
Tumor of known genetic constitution, Preliminary report of effect of x-rays on, M. C. Reinhard and S. G. Warner, April, 438.
X-rays, Is there effect of, on skeletal muscles if doses applied do not exceed skin tolerance? Ab., H. Bade, Jan., 113.

ANKLE

- Fractures in region of ankle joint (ab.), W. D. Griesemer, May, 644.

ANUS

- Carcinoma of rectum and anus, What can one expect from radiation in? Ab., O. N. Meland, March, 389.

AORTA

- Coarctation of aorta: report of case (ab.), E. R. Schwartz and G. M. Tice, April, 518.
Coarctation of aorta: report of case with rupture distal to constriction (ab.), J. T. Hecker, Jan., 124.

APPARATUS

- Compression device, Experiences with, in examinations of alimentary tract, R. Golden and P. C. Swenson, April, 457.
Control cabinet, Milliammeter inaccuracy caused by, M. M. D. Williams, June, 691.
Determination of r unit, Absolute, in Radiological Department of University of Tokio (ab.), S. Nishikawa, M. Nakaidzumi, and N. Motida, March, 385.
Drain, Lost, and roentgen-ray identification (ab.), H. S. Crossen and W. G. Scott, Jan., 114.
Electrons, Principles of new therapy with high speed: preliminary report, R. Schindler, Feb., 222.
Fluorescence, Roentgen-ray, and biology (ab.), M. Lenzi, Jan., 114.
Generator, One-million volt, for producing radio-active substances (ab.), E. P. Vanoni, Jan., 114.

¹ A number in parentheses following the folio indicates that on that page is to be found a special reference to the indexed subject.

- High voltage radiations, Biologic measurement of, C. Packard, Jan., 17.

- "Pendulum" irradiation, Measurements during (ab.), M. Bender and A. Köhler, Jan., 114.

- Planigraphy, Simplified, D. Wheeler and E. W. Spencer, April, 499.

- Roentgenograms, New device for facilitating taking of, when performing extra-articular method of internal fixation in fractures of femoral neck (ab.), J. I. Sloat and L. T. Peterson, May, 644.

- Roentgenographic unsharpness of shadow of moving object.—II, S. R. Warren, Jr., June, 731.

- Roentgenography, Rapid, in operating room, with single solution (ab.), F. R. Wilkinson, Jan., 113.

- Spanish standard for absolute determination of international roentgen unit, First measurements with, H. T. Plasencia, Jan., 82.

- Stereoradiographic centering apparatus, Applications of, in otology and general surgery. Part I.—Radiographic analysis in otology. Part II.—Combined method for localization and extraction of radiopaque objects by means of "light compasses" (ab.), C. Chaussé, March, 385.

- Stereoscopic measurements, Simple method for (ab.), H. Christensen, Jan., 114.

- Supervoltage roentgen therapy in cancer, Clinical aspects of, W. E. Costlow, Jan., 28.

- X-ray illuminator, Simple device for changing light intensity in (ab.), E. J. Van Liere and D. W. Northrup, March, 385.

APPENDIX

- Appendiceal stump, Protrusion of, following appendectomy, M. Feldman, May, 571.

- Invaginated appendiceal stumps roentgenologically simulating polypoid neoplasms, H. M. Weber and C. A. Good, Jr., April, 440.

ARM

- Humero-scapular peri-arthritis, X-ray treatment of (ab.), S. Mustakallio, Jan., 114.

ARTHRITIS

- Osteo-arthritis of hip joint, Relationship of acetabular deformity to spontaneous (ab.), J. Gilmour, April, 520.

- Peri-arthritis, humero-scapular, X-ray treatment of (ab.), S. Mustakallio, Jan., 114.

- Roentgen therapy for painful conditions of bones and joints, H. C. Ochsner and E. B. Mumford, April, 444.

ATOMS

- Nuclear physics, Recent advances in, E. U. Condon, May, 581.

BACKACHE

- Spinal osteoporosis, Painful (ab.), P. P. Ravault, J. Graber-Duvernay, and G. Léger, Jan., 114.

BESNIER-BOECK'S DISEASE. See Tumors, sarcoid.

BILHARZIASIS. See Schistosomiasis.

BILIARY TRACT

- Extrahepatic biliary ducts, Experimental researches on radiological anatomy of (ab.), P. L. Cova and G. Tempini, Jan., 115.

- Fistulae, Roentgenologic demonstration of, between biliary system and intestinal tract (ab.), R. du Mesnil de Rochemont, Jan., 122.

- Gall bladder, Roentgen diagnosis of strawberry, G. Levene, R. M. Lowman, and E. G. Wissing, April, 391.

- Gallstones: ten years' surgical experience (ab.), L. Barrington-Ward, Jan., 123.

- Roentgen diagnosis of biliary passages (ab.), K. A. Zwicker, Jan., 115.

- Roentgenologic study of gall bladder and bile ducts (ab.), W. M. Barron, Jan., 123.

BIOLOGIC EXPERIMENTATION

- Drosophila* pupae, Responses of, to x-rays, P. S. Henshaw and I. M. Golomb, June, 721.

- Electrons, Principles of new therapy with high speed: preliminary report, R. Schindler, Feb., 222.

- "Lambda" in radiobiology, Factor (ab.), M. Lapenna, Jan., 113.

- Measurement, Biologic, of high voltage radiations, C. Packard, Jan., 17.

- Radiation biology, Some unsolved problems of (ab.), P. del Buono, March, 386.

- Seedlings, Further studies with, on question of wave length dependence of radiobiological reactions (ab.), P. S. Henshaw and D. S. Francis, March, 386.

- Supervoltage roentgen therapy, Differences between 200 kilovolt and, R. Dresser, J. C. Rude, and B. J. Cosman, Jan., 13.

BIOLOGIC EXPERIMENTATION—Continued

X-rays on anterior and posterior regions of *Tubifex tubifex*, Differential action of, H. Branson and H. Kersten, Feb., 200.

Yeast growth: possible test organism for x-radiation, O. W. Richards, March, 317.

BLADDER

Cancer, Clinical aspects of supervoltage roentgen therapy in, W. E. Costlow, Jan., 28 (29).
Carcinomas, New approach to treatment of certain bladder, L. S. Goin and E. F. Hoffman, Feb., 205.
Two years' experience with 400 kv. constant potential deep therapy, D. Steel, Feb., 187 (190).

BLOOD

Leukemia, Hematologic diagnosis and roentgenologic treatment of myelogenous, W. C. Popp and C. H. Watkins, June, 663.
Polycythemia, Roentgen therapy of (ab.), L. Siciliano, Jan., 129.

Polycythemia, Treatment of, by means of general body exposure with roentgen rays (ab.), O. Simon, Jan., 128.

sedimentation

Erythrocyte sedimentation, Brief observation on, in relation to irradiated malignant tumors, M. F. Madrazo, June, 668.

BLOOD SUGAR, hypoglycemia

Anterior pituitary tumor associated with cachexia, hypoglycemia, and duodenal ulcer (ab.), M. P. Foley, A. M. Snell, and W. M. Craig, June, 759.

BODY, size

Body build and heart size: study of 20 pairs of identical twins and 15 pairs of unrelated individuals with similar body height and weight (ab.), W. J. Comeau and P. D. White, May, 646.

BONES

Epiphyseal dysplasia punctularis (stippled epiphyses): report of case not associated with hyperthyroidism, J. A. L. McCullough and C. G. Sutherland, Feb., 131.

Metastasis to bone from carcinoma of gastro-intestinal tract (ab.), R. K. Ghormley and J. E. Valls, June, 757.

Necrosis of head of femur, Secondary, after traumatic dislocation of hip joint in 14-year-old patient (ab.), Hans-Heinz Mutschler, Jan., 125.

Petrositis: roentgenologic and pathologic correlation (ab.), E. P. Fowler, Jr., and P. C. Swenson, Feb., 256.

Petrous temporal bone, Air cells in, in child of 13 years (ab.), J. G. Wilson, Feb., 256.

Roentgen therapy for painful conditions of bones and joints, H. C. Ochsner and E. B. Mumford, April, 444.

Skeletal metastasis in cancer (ab.), C. F. Geschickter and I. H. Maseritz, June, 757.

Talocalcaneal articulation, Anomalous: double ankle bones, M. S. Burman and S. E. Sinberg, Feb., 239.

changes

Fluorine poisoning, Chronic, seen from roentgenological standpoint (ab.), P. F. Moller, April, 514.

diseases

Chondrodysplasia, Hereditary deforming: report of ten cases in one family (ab.), C. M. Graney, March, 386.

Chondro-epiphysitis, Endocrine implication of juvenile (ab.), R. L. Schaefer, F. L. Strickroot, and F. H. Purcell, March, 387.

Dysplasia, Punctate epiphyseal, occurring in two members of same family (ab.), D. G. Maitland, March, 387.

Myelogenous leukemia, Hematologic diagnosis and roentgenologic treatment of, W. C. Popp and C. H. Watkins, June, 663.

Osteitis deformans (Paget's disease), Traumatic fracture of pelvis and wrist, complicated by (ab.), H. H. Huber and A. Yaffe, April, 516.

Osteitis fibrosa cystica, Hyperparathyroidism associated with (ab.), H. S. Sharpe, Jan., 124.

Osteo-arthritis, spontaneous, of hip joint, Relationship of acetabular deformity to (ab.), J. Gilmour, April, 520.

Osteochondritis deformans juvenilis in dogs (ab.), P. C. Eichholtz and A. M. Ernst, March, 384.

Osteomyelitis, Acute, of vertebral body following compression fracture (ab.), R. F. Atsatt, Jan., 122.

Osteomyelitis of splenoid bone: report of five cases with autopsy findings (ab.), H. C. Ballenger, Jan., 115.

Osteopetrosis: case report, S. R. Beatty and G. Ritchie, March, 338.

Osteoporosis, Painful spinal (ab.), P. P. Ravault, J. Graber-Duvernay, and G. Léger, Jan., 114.

Tuberculosis of symphysis pubis (ab.), L. Alpert, Jan., 115.

fractures. See Fractures.**marrow**

Roentgen rays, Effect of, on bone marrow *in vivo* and *in vitro* (ab.), A. Gregori, Jan., 113.

tumors

Adamantinoma of tibia (ab.), J. O. Rankin, Feb., 257.

Malignant giant-cell tumor of bone: report of cases involving tibia (ab.), S. Kleinberg, Feb., 259.

Metastatic bone carcinomatosis associated with parathyroid hyperplasia and with symptoms of hyperparathyroidism: with blood calcium and phosphorus studies before and after extirpation of hyperplastic parathyroid gland (ab.), S. Ben-Asher, March, 388.

Myeloma, Multiple: case report, M. Batts, Jr., March, 368.

Sarcoma, Osteogenic, occurring in fragilitas ossium: case report, F. C. Jewell and J. E. Lofstrom, June, 741.

Tumors of ankle (ab.), W. G. Stuck and D. A. Todd, Feb., 257.

Tumors of bone (ab.), C. C. Simmons, March, 388.

BOOKS, received and reviewed

Alvarez, Walter C., Introduction to Gastro-enterology (rec.) May, 640.

Bannen, J. E., Radiology of Pulmonary Tuberculosis (rev.), May, 642.

Beckermann, Franz, Hepatolienography with Iodosol (rec.), May, 640.

Berner, Friedrich, with Holfelder, Hans, jt. auth.

Cole, Lewis Gregory, Pneumoconiosis (Silicosis): Story of Dusty Lungs (rec.), May, 640.

Couadau, A., with Tillé, Henri, jt. auth.

Vinson, Porter P., Diagnosis and Treatment of Diseases of Esophagus (rec.), Feb., 250.

Waters, Charles A., Firor, Whitmer B., and Kaplan, Ira I. (eds.), 1939 Year Book of Radiology (rec.), Jan., 109.

Zimmer, E. A., Sternum and its Joints (rev.), Feb., 252.

BRAIN

Metastasis, Primary sarcoma of lung with brain (ab.), R. C. Ellis, Jan., 126.

BREAST

Acute puerperal mastitis, Roentgen therapy in, J. F. Elward and S. M. Dodek, Feb., 166.

Cancer, Irradiation and hereditary mammary, S. E. Owen and E. A. Williams, May, 541.

Cancer of breast, irradiation in treatment of (ab.), U. V. Portmann, March, 388.

Cancer, X-ray therapy: prophylactic agent in prevention of (ab.), R. C. Curtis, Jan., 118.

Carcinoma, mammary, following inactivation of ovaries by irradiation, Regression of pulmonary metastases from: report of two cases, H. B. Hunt, Feb., 255.

Carcinoma of breast, Technic of post-operative radiation therapy in (ab.), F. Perussia, Jan., 116.

Carcinoma of breast, X-ray treatment of (ab.), L. C. Kinney, Jan., 116.

Carcinoma, Radiologic treatment of skeletal metastases in mammary (ab.), H. B. Wulff, Jan., 116.

Lump in breast, Clinical significance of (ab.), G. Crile, Jr., March, 388.

Therapy, Two years' experience with 400 kv. constant potential deep, D. Steel, Feb., 187 (191).

BRONCHI

Bronchomycosis, Roentgenological aspects of, H. P. Doub, March, 267.

Carcinoma, Cavitory bronchogenic, H. Hauser and S. E. Wolpaw, June, 698.

Fibrolipoma of bronchus: report of case (ab.), T. H. McGlade, Feb., 258.

BRONCHOGRAPHY

Lung abscesses, Bronchographic study of apparently healed (ab.), R. M. Franklin, June, 757.

BRONCHOMYCOSIS. See **Bronchi.****CALCIFICATION**

Anterior thoracic wall, Calcification of cold abscess of: rare complication in tuberculous pleural effusion (ab.), G. Cascelli, Jan., 119.

Cystadenoma of thyroid, Calcification of (ab.), C. Bunch, Feb., 256.

Epiphyseal dysplasia, Punctate, occurring in two members of same family (ab.), D. G. Maitland, March, 387.

Tuberculosis, Primary complex of childhood: analysis of x-ray examinations of 857 cases with positive Mantoux reactions (ab.), F. H. Tyner, Feb., 256.

CANCER

Bladder carcinomas, New approach to treatment of certain, L. S. Goin and E. F. Hoffman, Feb., 205.

Bone carcinomatosis, Metastatic, associated with parathyroid hyperplasia and with symptoms of hyperparathyroidism: with blood calcium and phosphorus studies before and after extirpation of hyperplastic parathyroid gland (ab.), S. Ben-Asher, March, 388.

Bowel, Polyps of large, E. L. Jenkinson, April, 489.

Breast, Irradiation in treatment of cancer of (ab.), U. V. Portmann, March, 388.

Breast, Technic of post-operative radiation therapy in carcinoma of (ab.), F. Perussia, Jan., 116.

Breast, X-ray treatment of carcinoma of (ab.), L. C. Kinney, Jan., 116.

Bronchogenic carcinoma, Cavitory, H. Hauser and S. E. Wolpaw, June, 698.

Buccal carcinoma, Surgical treatment of lymphatic fields in (ab.), F. J. Morrin, Jan., 129.

Buccal carcinoma, Treatment of (ab.), O. Chance, Jan., 118.

Carcinomas of cervix, Reaction of, to known doses of 800 kv. roentgen rays: five-, four-, and three-year survival rates, H. Schmitz, Jan., 34.

Castration of female by irradiation: results in 334 patients, W. S. Peck and J. T. McGreer with N. R. Kretschmar and W. S. Brown, Feb., 176.

Cervix, Individualized radium therapy of carcinoma of (ab.), H. Reichenmiller, June, 760.

Cervix of uterus, Cancer of (ab.), D. B. Ludwig, Jan., 119.

Cervix, Report of cases of carcinoma of, treated in 1932 and 1933, at Cancer Institute in Strassburg (ab.), A. Gunsett, Jan., 118.

Cervix uteri, Survey of 293 cases of cancer of, 223 of which were treated from 1916 to 1933, by radiation therapy at Grace Hospital, Detroit (ab.), R. H. Stevens and A. K. Payne, Feb., 259.

Colon, Roentgenological differential diagnosis between cancer and diverticulitis of, R. Schatzki, June, 651.

Cutaneous cancer and parent tissue, Comparative studies of effect of radiation after simultaneous irradiation of (ab.), F. L. Schaefer, Feb., 117.

Gastro-intestinal tract, Bone metastasis from carcinoma of (ab.), R. K. Ghormley and J. E. Valls, June, 757.

Gastro-intestinal tract, Early diagnosis of cancer of, and Gruskin malignancy test (ab.), S. Tashian, Jan., 116.

Irradiated malignant tumors, Brief observation on erythrocyte sedimentation in relation to, M. F. Madrazo, June, 668.

Larynx, Present conception of treatment of cancer of, H. Coutard, Feb., 136.

Larynx, Roentgen consideration of lesions in and about (ab.), T. J. Wachowski, June, 755.

Larynx, Surgical treatment of cancer of, J. H. McCready, Feb., 146.

Larynx, Treatment of cancer of, with comparison of results obtained by surgery and radiation therapy (ab.), M. F. Arbuckle, June, 756.

Lung, Primary carcinoma of (ab.), J. B. Flick and J. T. Bauer, Jan., 117.

Mammary cancer, Irradiation and hereditary, S. E. Owen and A. E. Williams, May, 541.

Mammary carcinoma following inactivation of ovaries by irradiation, Regression of pulmonary metastases from: report of two cases, H. B. Hunt, Feb., 235.

Mammary carcinoma, Radiologic treatment of skeletal metastases in (ab.), H. B. Wulff, Jan., 116.

Metastasis in cancer, Skeletal (ab.), C. F. Geschickter and I. H. Maseritz, June, 757.

Metastatic cancer in lymph nodes of neck (ab.), H. G. F. Edwards, March, 380.

Pharyngeal cancer, Variations in radiation technic and biologic effects in treatment of, H. E. Martin, Feb., 149.

Primary squamous-cell carcinoma of vulva: report of two cases (ab.), J. M. Robb and M. W. Michels, March, 389.

Production of transplantable carcinoma and sarcoma in guinea pigs by injections of thorotrast (ab.), L. Foulds, March, 384.

Rectum and anus, What can one expect from radiation in carcinoma in? Ab., O. N. Meland, March, 389.

Rectum, Treatment of carcinoma of, by electrocoagulation and radiation, in selected cases, H. I. Teperson, May, 610.

Roentgen therapy, Distribution of radiation in pervaginal, M. C. Morrison, April, 451.

Roentgen therapy in cancer, Clinical aspects of super-voltage, W. E. Costolow, Jan., 28.

Sigmoid colon, Carcinoma of (radiological study) ab., A. C. Singleton and M. R. Hall, Jan., 120.

Skin and lip cancer, Roentgen therapy of (ab.), J. Horvath, Jan., 117.

Skin cancer, Low voltage roentgen therapy in (ab.), W. S. MacComb, Jan., 117.

Stomach, Cancer of, W. C. MacCarty (Carman Lecture), Jan., 1.

Stomach, Radio-surgical treatment of carcinoma of (ab.), A. Salotti, March, 389.

Stomach, Results of roentgen "convergent" irradiation in treatment of carcinoma of (ab.), M. Nakaidzumi and S. Tarusawa, Feb., 255.

Therapy, Two years' experience with 400 kv. constant potential deep, D. Steel, Feb., 187.

Treatment of carcinoma of vallecula (ab.), E. Wessely, March, 389.

Upper respiratory and intestinal tracts, Results of protracted fractional roentgen therapy of carcinoma of, from 1930 to 1933 (ab.), R. Glauner, S. Teufel, and A. Daigger, Jan., 119.

Uterine cervix, Biopsy of: end-results of 100 consecutive interventions (ab.), L. E. Phaneuf and M. O. Belson, Feb., 260.

Uterus, Results in treatment of carcinoma of (ab.), H. Goecke, Jan., 118.

X-ray therapy: prophylactic agent in prevention of cancer (ab.), R. C. Curtis, Jan., 118.

X-ray treatment of cancer in small communities (ab.), F. W. O'Brien, Jan., 119.

CARBUNCLE, therapy

X-ray, Treatment of severe carbuncles by (ab.), F. W. O'Brien, May, 647.

CARCINOMA. See **Cancer.****CELLS**

Yeast growth: possible test organism for x-radiation, O. W. Richards, March, 317.

CHEEK

Cancer, Clinical aspects of supervoltage roentgen therapy in, W. E. Costolow, Jan., 28.

CHEST

Calcification of cold abscess of anterior thoracic wall: rare complication in tuberculous pleural effusion (ab.), G. Cascelli, Jan., 119.

Fissure, horizontal, Significance of roentgen visibility of, P. T. Knies, March, 351.

Roentgenologic diagnosis of thoracic diseases other than tuberculosis (ab.), W. G. Scott, Jan., 119.

Surveys, Miniature films in chest, H. E. Potter, Jan., 62.

Visualization of chambers of heart, pulmonary circulation, and great blood vessels in man: practical method (ab.), G. P. Robb and I. Steinberg, April, 518.

X-ray chest film, Miniature, H. E. Potter, B. D. Douglas, and C. C. Birkelo, March, 283. See **Thorax.**

CHILDREN

Chondro-epiphysitis, Endocrine implication of, Juvenile (ab.), R. L. Schaefer, F. L. Strickroot, and F. H. Purcell, March, 387.

Mid-gut loop in children, Two cases of non-rotation of (ab.), P. L. Hipsley, May, 648.

Peptic ulcers, Chronic, in children (ab.), H. B. Kellogg, June, 759.

Rheumatic heart disease, Value of special radiologic procedures in detecting cardiac enlargement in children with (ab.), A. G. Kuttner and G. Meyersbach, May, 644.

Tuberculosis, Primary complex of childhood: analysis of x-ray examinations of 857 cases with positive Mantoux reactions (ab.), F. H. Tyner, Feb., 256.

CHOLECYSTOGRAPHY

Cholecystography, from roentgenologic aspect, Some practical considerations of (ab.), E. P. Pendergrass, March, 390.

Cholecystography in its fifteenth year (ab.), B. R. Kirklin, April, 516.

Cholecystography: optimum voltage: tetrabrom- versus tetraiodophenolphthalein, R. R. Newell and R. Briggs, May, 568.

COLON

Cancer and diverticulitis of colon, Roentgenologic differential diagnosis between, R. Schatzki, June, 651.

Carcinoma of sigmoid colon (radiological study) ab., A. C. Singleton and M. R. Hall, Jan., 120.

Cellulitis of colon: manifestation of diverticulitis (ab.), W. A. Hailes, Jan., 120.

Polyposis coli, Roentgen diagnosis of (ab.), A. Knetsch, March, 390.

Polyposis, Diffuse, of large bowel, with case report (ab.), A. Y. Mason, March, 390.

Roentgenologic consideration of colon (ab.), R. G. Giles, Jan., 120.

CONTRACTURE, ischemic

Volkman's ischemic contracture, Fracture of elbow and (ab.), H. W. Meyerding, Jan., 122.

CONTRAST MEDIA

Anthrography in congenital dislocation of hip (ab.), E. Severin, Jan., 126.

Extrahepatic biliary ducts, Experimental researches on radiological anatomy of (ab.), P. L. Cova and G. Tem-pini, Jan., 115.

CONTRAST MEDIA—Continued

- Perivascular injection of thorotrast. Accidental: report of two cases. S. E. Ziffren, Feb., 171.
 Visualization of chambers of heart, pulmonary circulation, and great blood vessels in man: practical method (ab.), G. P. Robb and I. Steinberg, April, 518.

CORRECTION

- Brailsford, James F., note of, March, 382.

CRANIUM

- "Basilar impression." Diagnosis of, A. Schüller, Feb., 214.
 Fracture and surgery. Fate of cranial defects secondary to: follow-up study of 150 patients. M. A. Glaser and E. S. Blaine, June, 671.

DEFICIENCY DISEASES

- Sprue, Non-tropical (ab.), A. L. Burgdorf and T. A. Barry, April, 514.

DIABETES MELLITUS

- Radiobiologic observations (ab.), G. Dell'Acqua, April, 514.

DIATHERMY

- Carcinomas, bladder. New approach to treatment of certain. L. S. Goin and E. F. Hoffman, Feb., 205 (206).
 Carcinoma of rectum. Treatment of, by electrocoagulation and radiation, in selected cases. H. I. Teperson, May, 610.

DOSAGE

- Castration of female by irradiation: results in 334 patients. W. S. Peck and J. T. McGreer with N. R. Kretschmar and W. S. Brown, Feb., 176.

- Difference between 200 and 500 kilovolt radiation, Physical factors influencing, K. E. Corrigan, Jan., 8.

- Effective dose of combined gamma-ray and neutron preparations. Determination of (ab.), K. G. Zimmer, H. J. Born, and P. M. Wolf, Jan., 129.

- Gamma-ray therapy in surface application of radium. New technic and dosage system for (ab.), M. Strandqvist, Jan., 129.

- Measurement of high voltage radiations, Biologic, C. Packard, Jan., 17.

- Protraction and fractionation. Experimental investigations on importance of (ab.), B. Faber, May, 644.

- Radiation doses and type of reaction in fractional irradiation of very small skin areas by means of near distance treatment technic (ab.), A. Kautzky, April, 514.

- Roentgen irradiation with varying voltages. Late sequelae of divergent biologic skin effects produced by, E. R. Witwer and T. Leucutia, Jan., 24.

- Roentgen rays. Effect of, on bone marrow *in vivo* and *in vitro* (ab.), A. Gregori, Jan., 113.

- Roentgen rays. Experimental study of effects of, on gonads of sexually mature domestic fowl, J. M. Essenberg and R. J. Karrasch, March, 358.

- Roentgen rays. Reaction of carcinomas of cervix to known doses of 800 kv.: five-, four-, and three-year survival rates, H. Schmitz, Jan., 34.

- Roentgen therapy. Distribution of radiation in pervaginal, M. C. Morrison, April, 451.

- Roentgen therapy in cancer. Clinical aspects of supervoltage, W. E. Costolow, Jan., 28 (31).

- Roentgen therapy in sinus disease. Evaluation of, J. R. Maxfield, Jr., and C. L. Martin, March, 300 (308).

- Supervoltage roentgen therapy. Differences between 200 kilovolt and, R. Dresser, J. C. Rude, and B. J. Cosman, Jan., 13.

- "Tangent" irradiation. Dosimetric studies of (ab.), C. Esser, April, 514.

- Teleradium and supervoltage x-ray machine. Therapeutic and economic indications for, C. D. Lucas, Feb., 193.

- X-rays on skeletal muscles. Is there effect of, if doses applied do not exceed skin tolerance? Ab., H. Bade, Jan., 113.

- X-rays. Responses of *Drosophila* pupae to, P. S. Henshaw and I. M. Golomb, June, 721.

DUODENUM

- Fistula. Benign duodeno-colic, with report of two cases, C. N. McPeak, March, 343.

- Ulcer. Duodenal, in presence of gall-bladder symptomatology, E. J. Ryan, June, 685.

- Ulcers. Duodenal, located at distal portion of cap, and ulcers of duodenum beyond extrabulbar cap (ab.), L. Mucchi and R. Martinet, Jan., 128.

EAR

- Acoustic nerve tumor. Simple x-ray technic easily interpreted, for diagnosis of (ab.), J. Dereux and H. Monnier, Feb., 258.

- Mastoiditis in congenitally deformed ears (ab.), A. T. Wanamaker, April, 514.

- Stereoradiographic centering apparatus. Applications of, in otology and general surgery. Part I.—Radiographic analysis in otology. Part II.—Combined method for localization and extraction of radiopaque objects by means of "light compasses" (ab.), C. Chaussé, March, 385.

ELBOW

- Fracture of elbow and Volkmann's ischemic contracture (ab.), H. W. Meyerdiering, Jan., 122.

ELECTROCOAGULATION. See Diathermy.**ELECTRONS.** See Radio-activity.**EMPYSEMA**

- Asthmatic empysema, Bilateral spontaneous pneumothorax following (ab.), J. Ribeiro Carvalho and C. da Silva Lacaz, Feb., 254.
 Congenital cystic malformation of lungs, formerly known as "vesicular" or "hypertrophic pulmonary empysema," recently described as "congenital cystic disease of lungs," with report of case, C. T. Sharpe, June, 692.

ENDOCRINE GLANDS

- Chondro-epiphysitis, Endocrine implication of juvenile (ab.), R. L. Schaefer, F. L. Strickroot, and F. H. Purcell, March, 387.
 Roentgen rays, Experimental study of effects of on gonads of sexually mature domestic fowl, J. M. Essenberg and R. J. Karrasch, March, 358.

EOSINOPHILIA

- Lung infiltrations, Transitory, associated with eosinophilia. (Löfller's syndrome): report of case (ab.), D. C. W. Smith and A. J. Alexander, June, 757.

EPIPHYSES

- Dysplasia punctularis, Epiphyseal (stippled epiphyses): report of case not associated with hyperthyroidism, J. A. L. McCullough and C. G. Sutherland, Feb., 131.

ESOPHAGUS

- Abscesses, Peri-esophageal: importance of early surgical interference (ab.), W. M. Hunt, Jan., 121.
 Achalasia of esophagus (ab.), R. Flynn, Jan., 121.
 Cancer, Clinical aspects of supervoltage roentgen therapy in, W. E. Costelow, Jan., 28.
 Heartburn of pregnancy, Intractable, J. R. Evans and J. S. Bouslog, May, 530.

FEMUR

- Fracture of neck of femur, Closed operation for intracapsular: final results in recent and old cases (ab.), T. King, April, 516.
 Fractures of femoral neck, New device for facilitating taking of roentgenograms when performing extra-articular method of internal fixation of (ab.), J. I. Sloat and L. T. Peterson, May, 644.
 Fractures of neck of femur, Fluoroscopic technic for nailing (ab.), L. V. Littig, Jan., 122.
 Fractures of neck of femur: review of 33 consecutive cases (ab.), S. T. Irwin, Jan., 122.
 Necrosis of head of femur, Secondary, after traumatic dislocation of hip joint in fourteen-year-old patient (ab.), Hans-Heinz Mutschler, Jan., 125.

FETUS

- Measurements, Stereoscopic, of distances in female pelvis and on fetal skull (ab.), B. Westergaard, June, 757.
 Papyraceous, Antepartum roentgenographic diagnosis of fetus, A. C. Johnston and M. C. Sosman, March, 261.

FEVER

- Undulant fever, Vertebral lesions in (ab.), W. A. Bishop, Jr., Feb., 255.

FISTULA

- Biliary system and intestinal tract. Roentgenologic demonstration of fistula between (ab.), R. du Mesnil de Rochemont, Jan., 122.

FLUORIDES

- Fluorine poisoning, Chronic, seen from roentgenological standpoint (ab.), P. F. Moller, April, 514.

FOREIGN BODIES

- Bezoars, Shellac, H. H. Inlow, May, 618.
 Localization of foreign bodies, Simple radiographic methods for (ab.), J. F. Brailsford, April, 515.
 Results, Late, of foreign bodies long retained in lower airways (ab.), E. F. Butler, N. S. Lincoln, J. K. Deegan, and R. Horton, April, 515.
 Stereoradiographic centering apparatus, Applications of, in otology and general surgery. Part I.—Radiographic analysis in otology. Part II.—Combined method for localization and extraction of radiopaque objects by means of "light compasses" (ab.), C. Chausse, March, 385.

FRACTURES

- Ankle joint, Fractures in region of (ab.), W. D. Griesemer, May, 644.
 Carpal navicular, Fractures of: importance of special roentgenography (ab.), A. S. Rothberg, May, 644.
 Compression fracture, Acute osteomyelitis of vertebral body following (ab.), R. F. Atsatt, Jan., 122.
 Cranial defects, Fate of, secondary to fracture and surgery: follow-up study of 150 patients, M. A. Glaser and E. S. Blaine, June, 671.
 Elbow, Fracture of, and Volkmann's ischemic contracture (ab.), H. W. Meyerding, Jan., 122.
 Femoral neck, New device for facilitating taking of roentgenograms when performing extra-articular method of internal fixation in fractures of (ab.), J. I. Sloat and L. T. Peterson, May, 644.
 Femur, Closed operation for intracapsular fracture of neck of: final results in recent and old cases (ab.), T. King, April, 516.
 Femur, Fluoroscopic technic for nailing fractures of neck of (ab.), L. V. Littig, Jan., 122.
 Femur, Fractures of neck of: review of 33 consecutive cases (ab.), S. T. Irwin, Jan., 122.
 Hip, Simpler method of internal fixation of fractures of (ab.), D. M. Stewart, April, 520.

- Olecranon, Operation for fracture of (ab.), N. Dunn, Jan., 122.

- Petrous pyramid, Transverse fracture of (ab.), W. E. Grove, April, 516.
 Spine, Supine position in emergency treatment of patients with fractured (ab.), G. Hyman, Jan., 130.
 Traumatic fracture of pelvis and wrist, complicated by osteitis deformans (Paget's disease) ab., H. H. Huber and A. Yaffe, April, 516.

FUNGI

- Bronchomycosis, Roentgenological aspects of, H. P. Doub, March, 287.

GALL BLADDER

- Cholecystography, Study from roentgenologic aspect, Some practical considerations of (ab.), E. P. Pendergrass, March, 390.
 Cholecystography in its fifteenth year (ab.), B. R. Kirklin, April, 516.
 Cholecystography: optimum voltage: tetrabrom-*versus* tetraiodophenolphthalein, R. R. Newell and R. Briggs, May, 568.
 Examinations, Value of upright position in gall-bladder, A. Ettinger, April, 481.
 Gall-bladder disease in patients under 30 years of age (ab.), C. Bearse, April, 517.
 Gallstones: ten years' surgical experience (ab.), L. Barrington-Ward, Jan., 123.
 Roentgenologic study of gall bladder and bile ducts (ab.), W. M. Barron, Jan., 123.
 Strawberry gall bladder, Roentgen diagnosis of, G. Levene, R. M. Lowman, and E. G. Wissing, April, 391.
 Ulcer, Duodenal, in presence of gall-bladder symptomatology, E. J. Ryan, June, 685.
 Urethral cavernoma, Roentgen findings in so-called (ab.), B. Stenstrom, April, 517.

GASES

- Industrial gases, X-ray study of effects of, upon human lung, E. E. Evans, April, 411.

GASTRO-INTESTINAL TRACT

- Cancer of gastro-intestinal tract, Early diagnosis of, and Gruskin malignancy test (ab.), S. Tashian, Jan., 116.
 Carcinoma of gastro-intestinal tract, Metastasis to bone from (ab.), C. F. Geschickter and I. H. Maseritz, June, 757.
 Carcinoma of sigmoid colon (radiological study), ab., A. C. Singleton and M. R. Hall, Jan., 120.
 Carcinoma of upper respiratory and intestinal tracts, Results of protracted fractional roentgen therapy of, from 1930 to 1938 (ab.), R. Glauner, S. Teufel, and A. Daigger, Jan., 119.
 Cardiology, Gastro-enterology in practice of (ab.), L. F. Bishop, Jr., April, 519.
 Diverticula of stomach (ab.), W. Halloran, Feb., 255.
 Duodenal ulcer, Anterior pituitary tumor associated with cachexia, hypoglycemia, and (ab.), M. P. Foley, A. M. Snell, and W. M. Craig, June, 759.
 Duodenal ulcers located at distal portion of cap, and ulcers of duodenum beyond extrabulbar cap (ab.), L. Mucchi and R. Martinet, Jan., 128.
 Duodeno-colic fistula, Benign, with report of two cases, C. N. McPeak, March, 343.
 Esophagus, Achalasia of (ab.), R. Flynn, Jan., 121.
 Examinations of alimentary tract, Experiences with compression device in, R. Golden and P. C. Swenson, April, 457.
 Fistula, Roentgenologic demonstration of, between biliary system and intestinal tract (ab.), R. du Mesnil de Rochemont, Jan., 122.
 Gastritis, Ulcerative, and residual lesions (ab.), H. E. Robertson, June, 758.
 Ileocecal region, A. Oppenheimer, May, 545.
 Ileocecal region of gastro-intestinal tract, Roentgen diagnosis of diseases of (ab.), J. Jellen, Jan., 124.
 Lymphadenitis, Mesenteric (ab.), A. Schwyzer, Jan., 123.
 Peptic ulcer syndrome, Frequent non-ulcerous cause of (ab.), L. M. Morrison, W. A. Swalm, and C. L. Jackson, June, 758.
 Peptic ulcers, Chronic, in children (ab.), H. B. Kellogg, June, 759.
 Perforation of hollow viscous: roentgen aspects (ab.), E. D. Greenberger, Jan., 128.
 Pericolic membranes, W. R. Cashion, Jan., 66.
 Peri-esophageal abscesses: importance of early surgical interference (ab.), W. M. Hunt, Jan., 121.
 Roentgen-ray examination of gastro-intestinal tract, Some uses of spot film in, J. C. Bell, April, 469.
 Sarcoma of stomach, Retothel, M. J. Hubeny and P. J. Delano, March, 366.
 Sprue, Non-tropical (ab.), A. L. Burgdorf and T. A. Barry, April, 514.
 Stenosis in adult, Idiopathic benign hypertrophic pyloric (ab.), F. E. Kibler, Jan., 123.
 Stomach, Radio-surgical treatment of carcinoma of (ab.), A. Salotti, March, 389.
 "Ulcer disease," Roentgen therapy of (ab.), F. Eggs, Jan., 128.
 Ulcer, Duodenal, in presence of gall-bladder symptomatology, E. J. Ryan, June, 685.
 Volvulus, Chronic gastric, A. C. Singleton, Jan., 53.

GENITO-URINARY TRACT

- Tumors of urinary tract, Discussion on radiology of (ab.), W. D. Newcomb and R. Williams, April, 517.

GLANDS

Adenopathy, Tuberculous hilar and mediastinal, in adults, B. P. Widmann, H. W. Ostrum, and J. S. Fetter, May, 521.

GOITER

Cystadenoma of thyroid, Calcification of (ab.), C. Bunch, Feb., 256.
Hyperparathyroidism associated with osteitis fibrosa cystica (ab.), H. S. Sharpe, Jan., 124.
Hyperthyroidism, Roentgen-ray treatment of, G. E. Pfahler, Jan., 43.
Thyrotoxicosis, Treatment of severe (ab.), W. O. Thompson, S. G. Taylor, R. W. McNealy, and K. A. Meyer, April, 517.

exophthalmic

Epiphyseal dysplasia punctularis (stippled epiphyses): report of case not associated with hyperthyroidism, J. A. L. McCullough and C. G. Sutherland, Feb., 131.

GONADS

Roentgen rays, Experimental study of effects of, on gonads of sexually mature domestic fowl, J. M. Essenberg and R. J. Karrasch, March, 258.

GRUSKIN TEST

Cancer of gastro-intestinal tract, Early diagnosis of, and Gruskin malignancy test (ab.), S. Tashian, Jan., 116.

GYNECOLOGY AND OBSTETRICS

Cystographic diagnosis of placenta previa (ab.), R. J. Prentiss and W. W. Tucker, April, 518.
Roentgen therapy, Indications for plesio (ab.), F. Perussia, Feb., 254.

HEART AND VASCULAR SYSTEM

Aneurysm, Cardiac (ab.), L. H. Berk, May, 645.
Aneurysms, Intrathoracic (ab.), P. Kerley, March, 384.
Aorta, Coarctation of: report of case (ab.), E. R. Schwartz and G. M. Tice, April, 518.
Cardiac aneurysm (ab.), J. Parkinson, D. E. Bedford, and W. A. R. Thompson, March, 384.
Cardiospasm, Consideration of reflex etiology of (ab.), B. L. Bryant, April, 519.
Coarctation of aorta: report of case with rupture distal to constriction (ab.), J. T. Hecker, Jan., 124.
Complications, Vascular, of cervical ribs and first thoracic rib abnormalities (ab.), K. C. Eden, May, 645.
Congenital heart disease, Essentials in diagnosis of (ab.), T. J. Dry, Jan., 125.
Coronary thrombosis among persons less than forty years of age: study of thirty cases (ab.), W. H. Goodson, Jr., and F. A. Willius, Jan., 124.
Decompensation, cardiac, Roentgen irradiation of thyroid in treatment of (ab.), G. Pellegrini, Jan., 125.
Gastro-enterology in practice of cardiology (ab.), L. F. Bishop, Jr., April, 519.
Normal heart volume in man (ab.), G. Liljestrand, E. Lys-holm, G. Nylin, and C. G. Zachrisson, May, 645.
Pulmonary artery, Tracheal and bronchial modifications during course of certain cardiopathies affecting (ab.), D. Routier and R. Heim de Balsac, April, 518.
Radiologic procedures, Value of special, in detecting cardiac enlargement in children with rheumatic heart disease (ab.), A. G. Kuttner and G. Reyersbach, May, 644.
Roentgen myographic studies of myocardial infarction (ab.), R. Gubner and J. H. Crawford, May, 650.
Size, Body build and heart: study of 20 pairs of identical twins and 15 pairs of unrelated individuals with similar body height and weight (ab.), W. J. Comeau and P. D. White, May, 646.
Tetralogy of Fallot: correlation of clinical, roentgenologic, and postmortem findings (ab.), J. A. Pescatore, J. B. Wolfe, and V. A. Diglio, May, 644.
Thorotrast, Accidental perivascular injection of: report of two cases, S. E. Ziffren, Feb., 171.
Thrombosis, Acute mesenteric arterial (ab.), W. Ogden, May, 645.
Visualization of chambers of heart, pulmonary circulation, and great blood vessels in man: practical method (ab.), G. P. Robb and I. Steinberg, April, 518.

HIP JOINT

Deformities of acetabulum, Adolescent: investigation into nature of protrusio acetabuli (ab.), J. Gilmour, May, 646.
Dislocation of hip, Arthrography in congenital (ab.), E. Severin, Jan., 126.
Dislocation of hip, Early diagnosis of congenital (ab.), H. A. T. Fairbank, April, 520.
Dislocation of hip joint in fourteen-year-old patient, Secondary necrosis of head of femur after traumatic (ab.), Hans-Heinz Mutschler, Jan., 125.
Fractures of hip, Simpler method of internal fixation of (ab.), D. M. Stewart, April, 520.
Spontaneous osteo-arthritis of hip joint, Relationship of acetabular deformity to (ab.), J. Gilmour, April, 520.

HOSPITALS

Costs of radiologic examinations (ed.), E. L. Jenkinson, April, 507.
Modern hospital and relation to practice of medicine, M. F. Cahal, March, 370.
Physician-hospital problem, May, 630.
Washington scene, M. F. Cahal, June, 744.

HUMERUS

Periarthritis, Humero-scapular, X-ray treatment of (ab.), S. Mustakallio, Jan., 114.

HYDRONEPHROSIS

Hydronephrosis resulting from ureteropelvic obstruction (ab.), L. E. Pierson and E. M. Honke, May, 648.
"Position-relief syndrome" of hydronephrosis (ab.), J. M. Berkman and J. T. Priestley, May, 649.

HYPERTHYROIDISM

See Goiter, exophthalmic.

HYPOGLYCEMIA

See Blood sugar, hypoglycemia.

INDUSTRY AND OCCUPATIONS

Gases, X-ray study of effects of industrial, upon human lung, E. E. Evans, April, 411.
Silico-tuberculosis as seen in large industrial center, B. H. Douglas and E. Tompkins, April, 405.

INFANTS

Osteopetrosis: case report, S. R. Beatty and G. Ritchie, March, 338.
Pyelography, Excretory, in infants, with help of tomograph (ab.), J. Jochims, May, 648.

INFECTION

Bilharziasis, Radiological manifestations in (ab.), Ragheb, May, 647.
Bronchomycosis, Roentgenological aspects of, H. P. Doub, March, 267.
Carbuncles, Treatment of severe, by x-ray (ab.), F. W. O'Brien, May, 647.
Cellulitis of colon: manifestation of diverticulitis (ab.), W. A. Hailes, Jan., 120.
Ethmoiditis, Radium therapy in polypoid, G. A. Robinson, April, 449.
Lung abscesses, Bronchographic study of apparently healed (ab.), R. M. Franklin, June, 757.
Lung, Treatment of chronic suppurative disease of (ab.), T. J. Kinsella, Jan., 127.
Lymphadenitis, Mesenteric (ab.), A. Schwyzer, Jan., 123.
Mastoiditis in congenitally deformed ears (ab.), A. T. Wanamaker, April, 514.
Osteomyelitis of sphenoid bone: report of five cases with autopsy findings (ab.), H. C. Ballenger, Jan., 115.
Peri-esophageal abscesses: importance of early surgical interference (ab.), W. M. Hunt, Jan., 121.
Petrositis: roentgenologic and pathologic correlation (ab.), E. P. Fowler, Jr., and P. C. Swenson, Feb., 256.
Pneumonitis, Differential diagnosis of non-specific interstitial, F. J. Hodges, March, 276.
Roentgen therapy for painful conditions of bones and joints, H. C. Ochsner and E. B. Mumford, April, 444.
Silicosis and silicosis with infection, Modifying influences of, upon healthy chest, E. P. Pendergrass and P. J. Hodes, April, 400.
Sinus disease, Evaluation of roentgen therapy in, J. R. Maxfield, Jr., and C. L. Martin, March, 300.
Sinusitis and non-specific inflammatory affections of lung, Combination of (ab.), S. R. Kjellberg, Jan., 127.
X-ray treatment of infections: review of literature and report of cases of mastoiditis and sinusitis (ab.), B. R. Dysart, May, 647.

INFLAMMATION

Lung, non-specific inflammatory affections of, Combination of sinusitis and (ab.), S. R. Kjellberg, Jan., 127.
Mastitis, Acute puerperal, Roentgen therapy in, J. F. Elward and S. M. Dodek, Feb., 166.
Osteoporosis, Painful spinal (ab.), P. P. Ravault, J. Graber-Duvernay, and G. Léger, Jan., 114.
Radiation therapy in treatment of inflammatory lesions (ab.), F. O. Coe, Jan., 126.
Radium and/or roentgen irradiation in acute inflammatory processes, Value and limitations of (ab.), M. Ponzio, Jan., 126.
Roentgen therapy in inflammatory disease (ab.), J. N. Collins, Jan., 126.
Strawberry gall bladder, Roentgen diagnosis of, G. Levene, R. M. Lowman, and E. G. Wissing, April, 391.

INTESTINES

Carcinoma of sigmoid colon (radiological study) ab., A. C. Singleton and M. R. Hall, Jan., 120.
Colon, Cellulitis of: manifestation of diverticulitis (ab.), W. A. Hailes, Jan., 120.
Colon, Roentgenological consideration of (ab.), R. G. Giles, Jan., 120.
Colon, Roentgenological differential diagnosis between cancer and diverticulitis of, R. Schatzki, June, 651.
Diverticula, Multiple, of jejunum, duodenum, and colon, with report of case, S. Hachette, May, 577.
Ileitis, Importance of roentgen examination in diagnosis of regional: report of case (ab.), J. C. Root, May, 648.
Intussusception, Enteric, due to invagination of Meckel's diverticulum (ab.), M. Paul, May, 647.
Lipoma of large intestine, Submucous, with case report, W. J. Ravenel, Feb., 217.
Non-rotation in mid-gut loop in children, Two cases of (ab.), P. L. Hipsley, May, 648.
Obstruction, Roentgenogram in intestinal: its value and its limitations (ab.), P. E. Wigby and W. H. Cochran, May, 648.
Polyps of large bowel, E. L. Jenkinson, April, 489.
Volvulus, Chronic gastric, A. C. Singleton, Jan., 53.

INTUSSUSCEPTION

Enteric intussusception due to invagination of Meckel's diverticulum (ab.), M. Paul, May, 647.

IODINE AND IODINE COMPOUNDS

Hyperthyroidism, Roentgen-ray treatment of, G. E. Pfahler, Jan., 43 (49).

JOINTS

- Röntgen therapy for painful conditions of bones and joints, H. C. Ochsner and E. B. Mumford, April, 444.
 Tumors of joints, Xanthomatous (ab.), D. A. de Santo and P. D. Wilson, Feb., 257.

KIDNEY

- Adenosarcoma of kidney (Wilms' mixed tumor), Case of (ab.), J. Agerholm-Christensen, May, 649.
 Hydronephrosis, "Position-relief syndrome" of (ab.), J. M. Berkman and J. T. Priestley, May, 649.
 Hydronephrosis resulting from ureteropelvic obstruction (ab.), L. E. Pierson and E. M. Honke, May, 648.
 Neoplasm of horseshoe kidney (ab.), A. Aspinall, May, 649.
 Pyelography in infants, Excretory, with help of tomograph (ab.), J. Jochims, May, 648.
 Radiobiologic observations (ab.), G. Dell'Acqua, April, 514.
 Tumors of renal pelvis: report of case (ab.), F. C. Schlumberger, May, 649.
 Wilms' tumor (adenomyosarcoma) of kidney in children: report of case (ab.), C. C. Higgins and F. L. Shively, Jr., May, 649.

KNEE JOINT

- Injuries involving knee joint, Common (ab.), L. H. Edmunds, May, 650.
 Trauma, Air in knee after, M. A. Walker and L. G. Allen, Feb., 239.
 X-ray technic in studying knee joints, Improved (ab.), E. C. Holmblad, May, 650.

KYMOGRAPHY

- Diagnostic roentgenology (ab.), R. Schatzki, Feb., 254.
 Myocardial infarction, Roentgen kymographic studies of (ab.), R. Gubner and J. H. Crawford, May, 650.

LARYNX

- Atheroma, Paralaryngeal (ab.), A. Schwyzer, Feb., 257.
 Cancer of larynx, Present conception of treatment of, H. Coutard, Feb., 136.
 Cancer of larynx, Surgical treatment of, J. H. McCready, Feb., 146.
 Cancer of larynx, Treatment of, with comparison of results obtained by surgery and radiation therapy (ab.), M. F. Arbuckle, June, 756.
 Laryngocele (ab.), J. Blewett, June, 755.
 Lesions in and about larynx, Roentgen consideration of (ab.), T. J. Wachowski, June, 755.
 Lesions in and about the larynx, Roentgen consideration of: diagnostic aspects (ab.), A. Hartung, June, 755.
 X-ray examination of larynx and pharynx (ab.), R. P. O'Bannon, June, 755.

LEUKEMIA

- Lymphoma, Symptomatology of: its endless variety (ab.), J. H. Means, June, 756.
 Myelogenous leukemia, Hematologic diagnosis and roentgenologic treatment of, W. C. Popp and C. H. Watkins, June, 663.
 Roentgen therapy of leukemia with variable filters (ab.), A. Possati, June, 756.

LIP, cancer

- Roentgen therapy of skin and lip cancer (ab.), J. Horvath, Jan., 117.

LIPOIDS

- Pneumonia, Lipoid: report of case (ab.), A. M. Young, H. S. Applebaum, and P. B. Wasserman, June, 759.
 Pneumonia, Lipoid-cell: adult type (ab.), H. M. Thomas, Jr., and W. M. Snell, Jr., June, 759.

LIPOMA. See Tumors.**LIVER**

- Hepatosplenography, Should use of thorium dioxide in, be abandoned? Ab., E. Benassi, March, 390.

LUNGS

- Aneurysms, Intrathoracic (ab.), P. Kerley, March, 384.
 Besnier-Boeck's disease, Familial occurrence of (ab.), M. Dressler, Feb., 257.
 Bronchographic study of apparently healed lung abscesses (ab.), R. M. Franklin, June, 757.
 Bronchomycosis, Roentgenological aspects of, H. P. Doub, March, 267.
 Calcification of cold abscess of anterior thoracic wall: rare complication in tuberculous pleural effusion (ab.), G. Caselli, Jan., 119.
 Carcinoma, Cavitary bronchogenic, H. Hauser and S. E. Wolpaw, June, 698.
 Carcinoma of lung, Primary (ab.), J. B. Flick and J. T. Bauer, Jan., 117.
 Chest surveys, Miniature films in, H. E. Potter, Jan., 62.
 Congenital cystic malformation of lungs, formerly known as "vesicular" or "hypertrophic pulmonary emphysema," recently described as "congenital cystic disease of lungs," with report of case, C. T. Sharpe, June, 692.
 Cyst of lung simulating high-pressure pneumothorax, Single large (ab.), E. B. Hudson, Jan., 127.
 Fibrolipoma of bronchus: report of case (ab.), T. H. McGlade, Feb., 258.
 Fissure, horizontal, Significance of roentgen visibility of, P. T. Knies, March, 351.
 Foreign bodies long retained in lower airways, Late results of (ab.), E. F. Butler, N. S. Lincoln, J. K. Deegan, and R. Horton, April, 515.

- Gases upon human lung, X-ray study of effects of industrial, E. E. Evans, April, 411.

- Hydatid cysts in both lungs (ab.), H. K. Christie, June, 757.
 Infiltrations, Transitory lung, associated with eosinophilia (Löfller's syndrome): report of case (ab.), D. C. W. Smith and A. J. Alexander, June, 737.
 Inflammatory affections of lung, Combination of sinusitis and non-specific (ab.), S. R. Kjellberg, Jan., 127.
 Metastases, Regression of pulmonary, from mammary carcinoma following inactivation of ovaries by irradiation: report of two cases, H. B. Hunt, Feb., 235.
 Pneumonia, Lipoid: report of case (ab.), A. M. Young, H. S. Applebaum, and P. B. Wasserman, June, 759.
 Pneumonia, Lipoid-cell: adult type (ab.), H. M. Thomas, Jr., and W. F. Rienhoff, Jr., June, 759.
 Pneumonitis, Differential diagnosis of non-specific interstitial, F. J. Hodges, March, 276.
 Pneumothorax, Bilateral spontaneous, following asthmatic emphysema (ab.), J. Ribeiro Carvalho and C. da Silva Lacaz, Feb., 254.
 Pulmonary artery, Tracheal and bronchial modifications during course of certain cardiopathies affecting (ab.), D. Routier and R. Heim de Balsac, April, 518.
 Pulmonary involvement in lymphoblastomas: special reference to roentgen aspects, A. Hartung, March, 311.
 Pulmonary tuberculosis, incidence and significance of apical lesions in: pathologic and roentgenologic study, E. A. Addington and B. R. Kirklín, March, 327.
 Radiologist's place in diagnosis of lung pathology (ed.), F. B. Bogart, June, 750.
 Sarcoma of lung with brain metastasis, Primary (ab.), R. C. Ellis, Jan., 126.
 Silicosis and silicosis with infection, Modifying influences of, upon healthy chest, E. P. Pendergrass and P. J. Hodes, April, 400.
 Silico-tuberculosis as seen in large industrial center, B. H. Douglas and E. Tompkins, April, 405.
 Suppurative disease of lung, Treatment of chronic (ab.), T. J. Kinsella, Jan., 127.
 Thoracoplasty, Late results of (ab.), H. A. Carlson, H. A. Burns, and C. W. Wangen, Jan., 127.
 Tuberculosis, Lower lobe, M. J. Sokoloff, May, 589.
 Tuberculosis, Primary complex of childhood: analysis of x-ray examinations of 857 cases with positive Mantoux reactions (ab.), F. H. Tyner, Feb., 256.
 Tuberculosis, Roentgenographic prognosis of pulmonary, J. Gershon-Cohen and J. T. Farrell, Jr., March, 292.
 Tuberculous hilar and mediastinal adenopathy in adults, B. P. Widmann, H. W. Ostrum, and J. S. Fetter, May, 521.
 X-ray surveys, Group, in apparently healthy individuals, B. Robins and D. E. Ehrlich, May, 595.

LYMPH NODES

- Adenopathy in adults, Tuberculous hilar and mediastinal, B. P. Widmann, H. W. Ostrum, and J. S. Fetter, May, 521.
 Lymphadenitis, Mesenteric (ab.), A. Schwyzer, Jan., 123.
 Metastatic cancer in lymph nodes of neck (ab.), H. G. F. Edwards, March, 389.

LYMPHATIC SYSTEM

- Lymphoblastomas, Pulmonary involvement in: special reference to roentgen aspects, A. Hartung, March, 311.
 Treatment of lymphatic fields in buccal carcinoma, Surgical (ab.), F. J. Morrin, Jan., 129.

LYMPHOBLASTOMA. See Lymphogranuloma.**LYMPHOGRANULOMA**

- Pulmonary involvement in lymphoblastomas: special reference to roentgen aspects, A. Hartung, March, 311.

MASTITIS

- Acute puerperal mastitis, Roentgen therapy in, J. F. Elward and S. M. Dodek, Feb., 166.

MASTOIDITIS

- Mastoiditis in congenitally deformed ears (ab.), A. T. Wanamaker, April, 514.
 X-ray treatment of infections: review of literature and report of cases of mastoiditis and sinusitis (ab.), B. R. Dysart, May, 647.

MEDICINE, practice of

- Hospital, Modern, and relation to practice of medicine, M. F. Cahal, March, 370.
 Malpractice, Contributory negligence as it applies to medical, I. S. Trostler, Jan., 76.
 Physician-hospital problem, May, 630.
 Washington scene, M. F. Cahal, June, 744.

MEMBRANES

- Pericolic membrane, W. R. Cashion, Jan., 86.

MENOPAUSE, artificial

- Castration of female by irradiation: results in 334 patients, W. S. Peck and J. T. McGreer with N. R. Kretschmar and W. S. Brown, Feb., 176.

METASTASIS

- Bone, Metastasis to, from carcinoma of gastro-intestinal tract (ab.), R. K. Ghormley and J. E. Valls, June, 757.
 Skeletal metastasis in cancer (ab.), C. F. Geschickter and I. H. Maseritz, June, 757.
 Skeletal metastases, in mammary carcinoma, Radiologic treatment of (ab.), H. B. Wulff, Jan., 116.

MOUTH

- Carcinoma, Treatment of buccal (ab.), O. Chance, Jan., 118.

MUSCLES

- Skeletal muscles, Is there effect of x-rays on, if doses applied do not exceed skin tolerance? Ab., H. Bade, Jan., 113.

NECK

Cancer in lymph nodes of neck, Metastatic (ab.), H. G. F. Edwards, March, 389.

NOSE

Nasal teeth: report of case (ab.), L. R. Marshall, April, 516.

OBITUARY

Baker, Morgan D., March, 382.
Friedlaender, Bernhard, March, 382.
Granger, Amédée, L. J. Menville, Jan., 108.
Groover, Thomas A., May, 630, 640.
Groover, Thomas Allen, A. C. Christie, June, 752.

Johns, Erwin W., May, 640.
Larson, William W., Jan., 107.
McDeed, Winfield G., April, 511.
Richtmyer, F. K., March, 382.
Ross, William L., Jan., 107.
Ruggles, Howard Edwin (1886-1939), L. Bryan, May, 638.
Wilson, Milo, March, 382.

OSTEITIS DEFORMANS

Fracture of pelvis and wrist, Traumatic, complicated by osteitis deformans (Paget's disease), ab., H. H. Huber and A. Yaffe, April, 516.

OSTEOMYELITIS

Acute osteomyelitis of vertebral body following compression fracture (ab.), R. F. Atsatt, Jan., 122.
Sphenoid bone, Osteomyelitis of: report of five cases with autopsy findings (ab.), H. C. Ballenger, Jan., 115.

OVARY

Castration of female by irradiation: results in 334 patients, W. S. Peck and J. T. McGreer with N. S. Kretschmar and W. S. Brown, Feb., 176.
Inactivation of ovaries by irradiation, Regression of pulmonary metastases from mammary carcinoma following: report of two cases, H. B. Hunt, Feb., 235.

PAGET'S DISEASE

of bone. See Osteitis deformans.

PALATE

Carcinoma of uvula, Primary squamous-cell: report of two cases (ab.), J. M. Robb and M. W. Michels, March, 389.

PARATHYROID

Hyperplasia, Metastatic bone carcinomatosis associated with parathyroid, and with symptoms of hyperparathyroidism: with blood calcium and phosphorus studies before and after extirpation of hyperplastic parathyroid gland (ab.), S. Ben-Asher, March, 388.

PAROTID GLAND, tumors

Non-malignant vascular tumors of parotid region and their treatment by means of radium molds (ab.), A. Pagani, Jan., 130.

PELVIMETRY

Measurements, Stereoscopic, of distances in female pelvis and on fetal skull (ab.), B. Westergaard, June, 757.
Pelviradiography and clinical pelvimetry: comparative values in prognosis and outcome of labor (ab.), E. M. Rappaport and S. J. Scadron, June, 758.

PELVIS

Fracture of pelvis and wrist, Traumatic, complicated by osteitis deformans (Paget's disease), ab., H. H. Huber and A. Yaffe, April, 516.
Measurements, Stereoscopic, of distances in female pelvis and on fetal skull (ab.), B. Westergaard, June, 757.

PEPTIC ULCER

Cause of peptic ulcer syndrome, Frequent non-ulcerous (ab.), L. M. Morrison, W. A. Swalm, and C. L. Jackson, June, 758.
Chronic peptic ulcers in children (ab.), H. B. Kellogg, June, 759.
Duodenal ulcer, Anterior pituitary tumor associated with cachexia, hypoglycemia, and (ab.), M. P. Foley, A. M. Snell, and W. M. Craig, June, 759.
Duodenal ulcers located at distal portion of cap, and ulcers of duodenum beyond extrabulbar cap (ab.), L. Mucchi and R. Martinet, Jan., 128.
Gastritis, Ulcerative, and residual lesions (ab.), H. E. Robertson, June, 758.
Perforation of hollow viscous: roentgen aspects (ab.), E. D. Greenberger, Jan., 128.
Roentgen therapy of "ulcer disease" (ab.), F. Eggs, Jan., 128.

PERIODICALS

New publication (ann.), May, 638.

PHARYNX

Cancer, Variations in radiation technic and biologic effects in treatment of pharyngeal, H. E. Martin, Feb., 149.
X-ray examination of larynx and pharynx (ab.), R. P. O'Bannon, June, 755.

PITUITARY BODY

Hyperthyroidism, Roentgen-ray treatment of, G. E. Pfahler, Jan., 43 (48).
Roentgen therapy of pituitary tumor with regeneration of sella, with growth after age eighteen, H. Gray and R. R. Newell, Jan., 95.
Tumor, Anterior pituitary, associated with cachexia, hypoglycemia, and duodenal ulcer (ab.), M. P. Foley, A. M. Snell, and W. M. Craig, June, 759.

PLACENTIA PREVIA

Cystographic diagnosis of placenta previa (ab.), R. J. Prentiss and W. W. Tucker, April, 518.

PLANIGRAPHY

Serial planeography (serioscopy) and serial planigraphy: critical analysis, J. Kaufman and H. Koster, May, 626.
Simplified planigraphy, D. Wheeler and E. W. Spencer, April, 499.

PNEUMONIA

Interstitial pneumonitis, Differential diagnosis of non-specific, F. J. Hodges, March, 276.
Lipoid-cell pneumonia: adult type (ab.), H. M. Thomas, Jr., and W. F. Rienhoff, Jr., June, 759.
Lipoid pneumonia: report of case (ab.), A. M. Young, H. S. Applebaum, and P. B. Wasserman, June, 759.

PNEUMOTHORAX

High-pressure pneumothorax, Single large cyst of lung simulating (ab.), E. B. Hudson, Jan., 127.
Spontaneous pneumothorax, Bilateral, following asthmatic emphysema (ab.), J. Ribeiro Carvalho and C. da Silva Lacaz, Feb., 254.

POISONS AND POISONING

Fluorine poisoning, Chronic, seen from roentgenological standpoint (ab.), P. F. Moller, April, 514.

POLYCYTHEMIA

Roentgen therapy of polycythemia (ab.), L. Siciliano, Jan., 129.
Treatment of polycythemia by means of general body exposure with roentgen rays (ab.), O. Simon, Jan., 128.

PREGNANCY

Diagnosis of fetus papraceous, Antepartum roentgenographic, A. C. Johnston and M. C. Sosman, March, 261.
Heartburn of pregnancy, Intractable, J. R. Evans and J. S. Bouslog, May, 530.
Pelviradiography and clinical pelvimetry: comparative values in prognosis and outcome of labor (ab.), E. M. Rappaport and S. J. Scadron, June, 758.

PROSTATE

Cancer, Clinical aspects of supravoltage roentgen therapy in, W. E. Costolow, Jan., 28 (30).

PYELOGRAPHY

Excretory pyelography in infants, with help of tomograph (ab.), J. Jochims, May, 648.

RADIATION

Cancer of breast, Irradiation in treatment of (ab.), U. V. Portmann, March, 388.
Cancer of cervix uteri, Survey of 293 cases of, 223 of which were treated from 1916 to 1933, by radiation therapy at Grace Hospital, Detroit (ab.), R. H. Stevens and A. K. Payne, Feb., 259.
Cancer of larynx, Treatment of, with comparison of results obtained by surgery and radiation therapy (ab.), M. F. Arbuckle, June, 756.
Cancer, Variations in radiation technic and biologic effects in treatment of pharyngeal, H. E. Martin, Feb., 149.
Carcinoma, buccal, Treatment of (ab.), O. Chance, Jan., 118.
Carcinoma of rectum, Treatment of, by electrocoagulation and radiation, in selected cases, H. I. Teperson, May, 610.
Castration of female by irradiation: results in 334 patients, W. S. Peck and J. T. McGreer with N. R. Kretschmar and W. E. Brown, Feb., 176.
Cutaneous cancer and parent tissue, Comparative studies of effect of radiation after simultaneous irradiation of (ab.), Paltrinieri and B. Galavotti, Jan., 117.
Drosophila pupae, Responses of, to x-rays, P. S. Henshaw and I. M. Golomb, June, 721.
Electron diffraction studies of thin films. I.—Structure of very thin films (ab.), L. H. Germer, June, 760.
Electrons, Principles of new therapy with high speed: preliminary report, R. Schindler, Feb., 222.
Generator, One-million volt, for producing radio-active substances (ab.), E. P. Vanoni, Jan., 114.
Hyperthyroidism, Roentgen-ray treatment of, G. E. Pfahler, Jan., 43.
Measurement of high voltage radiations, Biologic, C. Packard, Jan., 17.
Measurements, First, with Spanish standard for absolute determination of international roentgen unit, H. T. Plasencia, Jan., 82.
Milliammeter inaccuracy caused by control cabinet, M. M. D. Williams, June, 691.
Physical factors influencing difference between 200 and 500 kilovolt radiation, K. E. Corrigan, Jan., 8.
"Quality" of high voltage radiations. Part II.—"Quality" within scattering medium (ab.), J. R. Clarkson and W. V. Mayneord, June, 760.
Radiation biology, Some unsolved problems of (ab.), P. del Buono, March, 386.
Skeletal metastases in mammary carcinoma, Radiologic treatment of (ab.), H. B. Wulff, Jan., 116.
Supravoltage roentgen therapy, Differences between 200 kilovolt and, R. Dresser, J. C. Rude, and B. J. Cosman, Jan., 13.
Telerradium and supravoltage x-ray machine, Therapeutic and economic indications for, C. D. Lucas, Feb., 193.
Tumors, Brief observation on erythrocyte sedimentation in relation to irradiated malignant, M. F. Madrazo, June, 668.
Tumors of bone (ab.), C. C. Simmons, March, 388.
Uterine cervix, Biopsy of: end-results of 100 consecutive interventions (ab.), L. E. Phaneuf and M. O. Belson, Feb., 260.

- Wave length dependence of radiobiological reaction. Further studies with seedlings, on question of (ab.), P. S. Henshaw and D. S. Francis, March, 386.
- Wave length. Influence of, on biological effectiveness of radiation (ab.), H. G. Crabtree and L. H. Gray, March, 385.
- effects**
- Biologic effect of roentgen and gamma rays on living matter. Experimental studies and theoretical deductions regarding hypothesis of (ab.), G. G. Palmieri and A. Valenti, March, 386.
- Biologic skin effects. Late sequelae of divergent, produced by roentgen irradiation with varying voltages, E. R. Witwer and T. Leucutia, Jan., 24.
- Functional factors in radiation therapy (ab.), M. Bertolotti, March, 386.

- Thyroid, Roentgen irradiation of, in treatment of cardiac decompensation (ab.), G. Pellegrini, Jan., 125.
- Thyrotoxicosis, Treatment of severe (ab.), W. O. Thompson, S. G. Taylor, R. W. McNealy, and K. A. Meyer, April, 517.
- Tumor of bone, Malignant giant-cell: report of case involving tibia (ab.), A. Kleinberg, Feb., 259.
- Tumor of known genetic constitution, Preliminary report of effect of x-rays on, M. C. Reinhard and S. G. Warner, April, 438.
- Tumors of renal pelvis: report of case (ab.), F. C. Schlumberger, May, 649.
- "Ulcer disease," Roentgen therapy of (ab.), F. Eggs, Jan., 128.

SALIVARY GLANDS

Tumors of salivary glands: illustrative cases, Pathogenesis and radium therapy of mixed, I. Levin, Jan., 69.

SARCOMA

Ewing's sarcoma, Aid to roentgen diagnosis of (ab.), S. Welin, Feb., 255.

- Gallieri sarcoma *in vivo* and *in vitro*, Effect of roentgen rays on (ab.), G. Toniolo, Jan., 113.
- Kidney, Wilms' tumor (adenomyosarcoma) of, in children: report of case (ab.), C. C. Higgins and F. L. Shively, Jr., May, 649.
- Kidney, Case of adenosarcoma of (Wilms' mixed tumor) ab., J. Agerholm-Christensen, May, 649.
- Osteogenic sarcoma occurring in fragilitas ossium: case report, F. C. Jewell and J. E. Lofstrom, June, 741.
- Primary sarcoma of lung with brain metastasis (ab.), R. C. Ellis, Jan., 126.
- Primary sarcoma of stomach: report of three cases, L. K. Chont, June, 714.
- Production of transplantable carcinoma and sarcoma in guinea pigs by injections of thorotrast (ab.), L. Foulds, March, 384.
- Stomach, Retothel sarcoma of, M. J. Hubeny and P. J. Delano, March, 366.
- SCAPULA**
Humero-scapula peri-arthritis, X-ray treatment of (ab.), S. Mustakallio, Jan., 114.
- SCHISTOSOMIASIS**
Radiological manifestations in bilharziasis (ab.), Ragheb, May, 647.
- SCLEROSIS**
Roentgen therapy of multiple sclerosis (ab.), W. von Wieser, Feb., 254.
- SELLA TURCICA**
Regeneration of sella, Roentgen therapy of pituitary tumor with, with growth after age eighteen, H. Gray and R. R. Newell, Jan., 95.
- SHOULDER**
Humero-scapular peri-arthritis, X-ray treatment of (ab.), S. Mustakallio, Jan., 114.
- SINUSES**
Adamantinoma, Infrassellar (ab.), W. A. D. Drummond, Feb., 257.
- Ethmoiditis, Radium therapy in polypoid, G. A. Robinson, April, 449.
- Radium, Use of, in maintaining patent frontonasal opening in external operations of fronto-ethmoid group of sinuses: preliminary report, H. L. Williams and R. E. Fricke, June, 760.
- Roentgen therapy in sinus disease, Evaluation of, J. R. Maxfield, Jr., and C. L. Martin, March, 300.
- Sinusitis and non-specific inflammatory affections of lung, Combination of (ab.), S. R. Kjellberg, Jan., 127.
- X-ray treatment of infections: review of literature and report of cases of mastoiditis and sinusitis (ab.), B. R. Dysart, May, 647.
- SILICOSIS**
Silicosis and silicosis with infection, Modifying influences of, upon healthy chest, E. P. Pendergrass and P. J. Hodes, April, 400.
- Silico-tuberculosis as seen in large industrial center, B. H. Douglas and E. Tompkins, April, 405.
- SKELETON. See Bones.**
- SKIN**
Biologic skin effects, Late sequelae of divergent, produced by roentgen irradiation with varying voltages, E. R. Witwer and T. Leucutia, Jan., 24.
- Ultra-violet erythema and its prevention (ab.), J. Kimmig and R. Düker, Feb., 259.
- Ultra-violet light dosimetry, Problem of (ab.), U. Henschke and R. Schulze, Feb., 259.
- cancer**
Radiation, Comparative studies of effect of, after simultaneous irradiation of cutaneous cancer and parent tissue (ab.), Paltrinieri and B. Galavotti, Jan., 117.
- Roentgen therapy, Low voltage, in skin cancer (ab.), W. S. MacComb, Jan., 117.
- Roentgen therapy of skin and lip cancer (ab.), J. Horvath, Jan., 117.
- diseases**
Hemangiomas, Cutaneous cavernous, Radium treatment of, using surface applications of radium tubes in glass capsules (ab.), M. Strandqvist, Jan., 129.
- SKULL**
Fetal skull, Stereoscopic measurements of distances in female pelvis and on (ab.), B. Westergaard, June, 757.
- Osteomyelitis of sphenoid bone: report of five cases with autopsy findings (ab.), H. C. Ballenger, Jan., 115.

- SPINE**
"Basilar impression," Diagnosis of, A. Schuller, Feb., 214.
- Fissure formation in articular facets of lumbar spine: operative findings in one case (ab.), H. E. Hipps, Jan., 130.
- Fractured spine, Supine position in emergency treatment of patients with (ab.), G. Hyman, Jan., 130.
- Herniation of intervertebral disc, Two observations of posterior (ab.), E. Jéquier and J. Rossier, Jan., 130.
- Lumbar spines, Impressions gained in analyzing 10,000 (ab.), R. H. Millwee, Jan., 130.
- Osteomyelitis, Acute, of vertebral body following compression fracture (ab.), R. F. Atsatt, Jan., 122.
- Osteoporosis, Painful spinal (ab.), P. P. Ravault, J. Graber-Duvernay, and G. Léger, Jan., 114.
- Spina bifida anterior (ab.), F. E. G. Moreira, Feb., 260.
- Vertebral lesions in undulant fever (ab.), W. A. Bishop, Jr., Feb., 255.
- SPLEEN**
Hepatosplenography, Should use of thorium dioxide in, be abandoned? Ab., E. Benassi, March, 390.
- Roentgenologic treatment of myelogenous leukemia, Hematologic diagnosis and, W. C. Popp and C. H. Watkins, June, 663.
- STERILIZATION**
Irradiations, Indications for sterilization by (ab.), A. Mayer, April, 518.
- STOMACH**
Bezoar, Shellac, H. H. Inlow, May, 618.
- Cancer of stomach (Carman Lecture), W. C. MacCarty, Jan., 1.
- Carcinoma of stomach, Radio-surgical treatment of (ab.), A. Salotti, March, 389.
- Carcinoma of stomach, Results of roentgen "convergent" irradiation in treatment of (ab.), M. Nakaizumi and S. Tarusawa, Feb., 255.
- Diverticula of stomach (ab.), W. Halloran, Feb., 255.
- Gastritis, Ulcerative, and residual lesions (ab.), H. E. Robertson, June, 758.
- Peptic ulcer syndrome, Frequent non-ulcerous cause of (ab.), L. M. Morrison, W. A. Swalm, and C. L. Jackson, June, 758.
- Peptic ulcers, Chronic, in children (ab.), H. B. Kellogg, June, 759.
- Sarcoma of stomach, Primary: report of three cases, L. K. Chont, June, 714.
- Sarcoma of stomach, Retothel, M. J. Hubeny and P. J. Delano, March, 366.
- Stenosis in adult, Idiopathic benign hypertrophic pyloric (ab.), F. E. Kibler, Jan., 123.
- TEETH**
Nasal teeth: report of case (ab.), L. R. Marshall, April, 516.
- Odontomas: case report, L. A. Malone, May, 573.
- TELERADIUM THERAPY**
Indications, Therapeutic and economic, for teleradium and supervoltage x-ray machine, C. D. Lucas, Feb., 193.
- TEMPORAL BONE**
Fracture of petrous pyramid, Transverse (ab.), W. E. Grove, April, 516.
- Petrositis: roentgenologic and pathologic correlation (ab.), E. P. Fowler, Jr., and P. C. Swenson, Feb., 256.
- Petrous temporal bone, Air cells in, in child of 13 years (ab.), J. G. Wilson, Feb., 256.
- TESTIS**
Neoplasms of testis (ab.), H. Cabot and J. Berkson, Feb., 259.
- TETRALOGY OF FALLOT.** See Heart and vascular system.
- THORAX.** See Chest.
- THORIUM DIOXIDE PREPARATIONS**
Carcinoma and sarcoma, Production of transplantable, in guinea pigs by injections of thorotrast (ab.), L. Foulds, March, 384.
- Hepatosplenography, Should use of thorium dioxide in, be abandoned? Ab., E. Benassi, March, 390.
- THROMBOSIS**
Acute mesenteric arterial thrombosis (ab.), W. Ogden, May, 645.
- Coronary thrombosis among persons less than forty years of age: study of thirty cases (ab.), W. H. Goodson, Jr., and F. A. Willius, Jan., 124.
- THYROID**
Chondro-epithysitis, Endocrine implication of juvenile (ab.), R. L. Schaefer, F. L. Strickroot, and F. H. Purcell, March, 387.
- Cystadenoma of thyroid, Calcification of (ab.), C. Bunch, Feb., 256.
- Hyperthyroidism, Roentgen-ray treatment of, G. E. Pfahler, Jan., 43.
- Roentgen irradiation of thyroid in treatment of cardiac decompensation (ab.), G. Pellegrini, Jan., 125.
- Thyrotoxicosis, Treatment of severe (ab.), W. O. Thompson, S. G. Taylor, R. W. McNealy, and K. A. Meyer, April, 517.
- TIBIA**
Adamantinoma of tibia (ab.), J. O. Rankin, Feb., 257.
- Tumor of bone, Malignant giant cell: report of case involving tibia (ab.), S. Kleinberg, Feb., 259.
- TOMOGRAPHY**
Excretory pyelography in infants, with help of tomograph (ab.), J. Jochims, May, 648.

TOMOGRAPHY—Continued

Stereoradiographic centering apparatus. Applications of, in otology and general surgery. Part I.—Radiographic analysis in otology. Part II.—Combined method for localization and extraction of radiopaque objects by means of "light compasses" (ab.), C. Chaussé, March, 385.

TRAUMA

Fracture of pelvis and wrist, Traumatic, complicated by osteitis deformans (Paget's disease) (ab.), H. H. Huber and A. Yaffe, April, 516.
Knee after trauma, Air in, M. A. Walker and L. G. Allen, Feb., 239.
Knee joint, Common injuries involving (ab.), L. H. Edmunds, May, 650.
Lumbar spine, Fissure formation in articular facets of: operative findings in one case (ab.), H. E. Hipps, Jan., 130.
Necrosis, Secondary, of head of femur after traumatic dislocation of hip joint in 14-year-old patient (ab.), Hans-Heinz Mutschler, Jan., 125.
Roentgen therapy for painful conditions of bones and joints, H. C. Ochsner and E. B. Mumford, April, 444.

TUBERCULOSIS, bone

Symphysis pubis, Tuberculosis of (ab.), L. Alpert, Jan., 115.

pulmonary

Apical lesions in pulmonary tuberculosis, Incidence and significance of: pathologic and roentgenologic study, E. A. Addington and B. R. Kirklin, March, 327.
Besnier-Boeck's disease, Familial occurrence of (ab.), M. Dressler, Feb., 257.
Bronchomycosis, Roentgenological aspects of, H. P. Doub, March, 267.
Calcification of cold abscess of anterior thoracic wall: rare complication in tuberculous pleural effusion (ab.), G. Cascelli, Jan., 119.
Childhood tuberculosis, Primary complex of: analysis of x-ray examinations of 837 cases with positive Mantoux reactions (ab.), F. H. Tyner, Feb., 256.
Lower lobe tuberculosis, M. J. Sokoloff, May, 589.
Roentgenographic prognosis of pulmonary tuberculosis, J. Gershon-Cohen and J. T. Farrell, Jr., March, 292.
Silico-tuberculosis as seen in large industrial center, B. H. Douglas and E. Tompkins, April, 405.
Tuberculosis hilar and mediastinal adenopathy in adults, B. P. Widmann, H. W. Ostrum, and J. S. Fetter, May, 521.
X-ray chest film, Miniature, H. E. Potter, B. H. Douglas, and C. C. Birkelo, March, 283.
X-ray surveys, Group, in apparently healthy individuals, A. B. Robins and D. E. Ehrlich, May, 595.

TUMORS

Adenosarcoma of kidney (Wilms' mixed tumor), Case of (ab.), J. Agerholm-Christensen, May, 649.
Ankle, Tumors of (ab.), W. G. Stuck and D. A. Todd, Feb., 257.
Bone, Malignant giant-cell tumor of: report of case involving tibia (ab.), S. Kleinberg, Feb., 259.
Bone, Tumors of (ab.), C. C. Simmons, March, 388.
Bowel, Polyps of large, E. L. Jenkinson, April, 489.
Breast, Clinical significance of lump in (ab.), G. Crile, Jr., March, 388.
Cancer, Irradiation and hereditary mammary, S. E. Owen and E. A. Williams, May, 541.
Carcinomas of cervix, Reaction of, to known doses of 800 kv. roentgen rays: five-, four-, and three-year survival rates, H. Schmitz, Jan., 34.
Colon, Roentgenological differential diagnosis between cancer and diverticulitis of, R. Schatzki, June, 651.
Fibrolipoma of bronchus: report of case (ab.), T. H. McGlade, Feb., 258.
Irradiated malignant tumors, Brief observation on erythrocyte sedimentation in relation to, M. F. Madrazo, June, 668.
Irradiation, Castration of female by: results in 334 patients, W. S. Peck and J. T. McGreer with N. R. Kretschmar and W. E. Brown, Feb., 176.
Joints, Xanthomatous tumors of (ab.), D. A. de Santo and P. D. Wilson, Feb., 257.
Kidney, Neoplasm of horseshoe (ab.), A. Aspinall, May, 649.
Kidney, Wilms' tumor (adenomyosarcoma) of, in children: report of case (ab.), C. C. Higgins and F. L. Shively, Jr., May, 649.
Lipoma of large intestine, Submucous, with case report, W. J. Ravenel, Feb., 217.
Lymphoblastomas, Pulmonary involvement in: special reference to roentgen aspects, A. Hartung, March, 511.
Malignant tumors of skeletal muscles, fascia, joint capsules, tendon sheaths, and bursae (ab.), G. Jönsson, Feb., 258.
Malignant tumors, Vitamin C consumption in patients with, and with lymphogranulomatosis (ab.), A. Vogt, Feb., 258.
Mixed tumors of salivary glands: illustrative cases, Pathogenesis and radium therapy of, I. Levin, Jan., 69.
Nerve tumors, Simple x-ray technic easily interpreted, for diagnosis of acoustic (ab.), J. Dereux and H. Monnier, Feb., 258.
Odontomas: case report, L. A. Malone, May, 573.
Parotid region, Non-malignant vascular tumors of, and their treatment by means of radium molds (ab.), A. Pagani, Jan., 130.

Pituitary tumor, Anterior, associated with cachexia, hypoglycemia, and duodenal ulcer (ab.), M. P. Foley, A. M. Snell, and W. M. Craig, June, 759.
Pituitary tumor, Roentgen therapy of, with regeneration of sella, with growth after age eighteen, H. Gray and R. R. Newell, Jan., 85.
Polypoid colli, Roentgen diagnosis of (ab.), A. Knetsch, March, 390.
Production of transplantable carcinoma and sarcoma in guinea pigs by injections of thorotrast (ab.), L. Foulds, March, 384.
Renal pelvis, Tumors of: report of case (ab.), F. C. Schlumberger, May, 649.
Roentgen therapy in cancer, Clinical aspects of supervoltage, W. E. Costolow, Jan., 28.
Roentgen therapy, Indications for plesio (ab.), F. Perussia, Feb., 254.
Sarcoma, Gallieri, *in vivo* and *in vitro*, Effect of roentgen rays on (ab.), G. Toniolo, Jan., 113.
Sarcoma of stomach, Retothel, M. J. Hubeny and P. J. Delano, March, 366.
Teleradium and supervoltage x-ray machine, Therapeutic and economic indications for, C. D. Lucas, Feb., 193.
Testis, Neoplasms of (ab.), H. Cabot and J. Berkson, Feb., 259.
Urinary tract, Discussion on radiology of tumors of (ab.), W. D. Newcomb and R. Williams, April, 517.
X-rays, Preliminary report of effects of, on tumor of known genetic constitution, M. C. Reinhard and S. G. Warner, April, 538.

adamantinoma

Infratellar adamantinoma (ab.), W. A. D. Drummond, Feb., 257.

Tibia, Adamantinoma of (ab.), J. O. Rankin, Feb., 257.

adenoma

Cystadenoma of thyroid, Calcification of (ab.), C. Bunch, Feb., 256.

Osteitis fibrosa cystica, Hyperthyroidism associated with (ab.), H. S. Sharpe, Jan., 124.

angioma

Cutaneous cavernous hemangiomas, Radium treatment of, using surface applications of radium tubes in glass capsules (ab.), M. Strandqvist, Jan., 129.

lymphoma

Lymphoma, Symptomatology of: its endless variety (ab.), J. H. Means, June, 756.

melanoma

Malignant melanomas: clinical study (ab.), E. M. Daland and J. A. Holmes, Feb., 258.

myeloma

Myeloma, Multiple: case report, M. Batts, Jr., March, 268.

sarcoid

Besnier-Boeck's disease, Familial occurrence of (ab.), M. Dressler, Feb., 257.

TWINS

Body build and heart size: study of 20 pairs of identical twins and 15 pairs of unrelated individuals with similar body height and weight (ab.), W. J. Comeau and P. D. White, May, 646.

ULNA

Fracture of olecranon, Operation for (ab.), N. Dunn, Jan., 129.

ULTRA-VIOLET LIGHT

Dosimetry, Problem of ultra-violet (ab.), U. Henschke and R. Schulze, Feb., 259.

Erythema, Ultra-violet, and its prevention (ab.), J. Kimmig and R. Düker, Feb., 259.

UTERUS

Biopsy of uterine cervix: end-results of 100 consecutive interventions (ab.), L. E. Phaneuf and M. O. Belson, Feb., 260.

Cancer, Clinical aspects of supervoltage roentgen therapy in, W. E. Costolow, Jan., 28 (30).

Cancer of cervix of uterus (ab.), D. B. Ludwig, Jan., 119.

Cancer of cervix uteri, Survey of 293 cases of, 223 of which were treated from 1916 to 1933, by radiation therapy at Grace Hospital, Detroit (ab.), R. H. Stevens and A. K. Payne, Feb., 259.

Cancer, X-ray therapy: prophylactic agent in prevention of (ab.), R. C. Curtis, Jan., 118.

Carcinoma of cervix, Individualized radium therapy of (ab.), H. Reichenmiller, June, 760.

Carcinoma of cervix, Report of cases of, treated in 1932 and 1933, at Cancer Institute in Strassburg (ab.), A. Gunsett, Jan., 118.

Carcinoma of uterus, Results in treatment of (ab.), H. Goecke, Jan., 118.

Carcinomas of cervix, Reaction of, to known doses of 800 kv. roentgen rays: five-, four-, and three-year survival rates, H. Schmitz, Jan., 34.

Roentgen therapy, Distribution of radiation in pervaginal, M. C. Morrison, April, 451.

Therapy, Two years' experience with 400 kv. constant potential deep, D. Steel, Feb., 187 (190).

VERTEBRÆ. See Spine.**VISCERA, transposition**
